

R&D Fund Project

Development of Framework for Intellectual Property (IP) Management in TNB

An example of violation of IP Rights

Intellectual Property Rights

Project Overview

Intellectual Property (IP) Management is one of T7 Initiatives and has been implemented at TNB Research Sdn. Bhd. To implement it on a wider scope, TNB Research Sdn. Bhd has been requested to formulate a framework for Intellectual Property (IP) Management for TNB to be adopted. Hence, through various project activities, a proposal was written to be approved by JEK in order to establish an Intellectual Property (IP) Management Unit in TNB.

Deliverables

- Intellectual Property (IP) policies and procedures
- ISO procedures related to Intellectual Property (IP) protection and utilization
- An audit report of Intellectual Property owned by one TNB Division

Benefits

- Prevention of Intellectual Property (IP) loss
- Potential for Non-Tariff revenue
- Availability of corporate knowledge sharing platform
